Re: Archer Daniels Midland Co. (Illinois EPA BOA ID# 115015AAE)
Construction Permit Revision (15100017)

To Distribution List:

In accordance with the Illinois EPA's Environmental Justice Policy, the Illinois EPA wants to provide you with information about a potential Illinois EPA action. The Illinois EPA is sending this letter to notify you of an application received by the Illinois EPA Bureau of Air (BOA).

The Illinois EPA has received a construction permit revision application from Archer Daniels Midland for its facility located at 4666 Faries Parkway. The source is requesting to revise a previously issued construction permit (#15100017). The previously issued permit requested to install equipment to convert a byproduct of its threonine process into a feed product for farm animals. The revision requests to add an oil mixer and packaging equipment to this process to improve product quality.

The application is currently under review by the Illinois EPA's Bureau of Air.

If you have questions about the application, please contact Elizabeth Rupel, Office of Community Relations at 217/557-6474, elizabeth.rupel@illinois.gov

Sincerely,

Chris Pressnall
Environmental Justice Officer
